Acting under Article 7 of the Protocol relating to the establishment of the Peace and Security Council,

1. ***Welcomes*** the Report of the Chairperson of the Commission on the Multinational Joint Task Force (MNJTF) against the Boko Haram;
2. ***Commends*** the efforts and significant progress made by the MNJTF and the Member countries of Lake Chad Basin Countries (LCBC), namely, Cameroon, Chad, Niger and Nigeria, plus Benin, in the fight against Boko Haram terrorist group, which have significantly degraded the operational capability of the terrorist group, rescued its civilian captives and forced its members to surrender; ***emphasizes*** that, despite MNJTF successes, Boko Haram still remains a threat for the countries of the region and, hence, the need to redouble efforts to completely eliminate the terrorist group;

3. **Also commends** the efforts made by the MNJTF Troop Contributing Countries (TCCs) and the MNJTF personnel, in particular, in the fight against the Boko Haram terrorist group in the region; **pays tribute** to the brave soldiers and civilians that have paid the ultimate price and **expresses** heartfelt condolences to their families and respective countries of origin;
4. **Strongly condemns** the continued attacks and abuses perpetrated by the Boko Haram terrorist group against innocent civilians which have resulted in destruction of infrastructure and widespread population displacement and exacerbated the serious humanitarian crisis in the region, and **warns** that the perpetrators of these attacks shall be brought to justice;
5. **Expresses deep concern**, once again, over the continued use of Unmanned Aerial Vehicles (UAVs) within the MNJTF Area of Operation by Boko Haram in its reconnaissance operations; in this regard, **requests** the Commission, in coordination with the Member States of LCBC plus Benin, to engage with partners and other relevant stakeholders to explore urgently the possibility of more effectively responding to this threat, as well as curtailing any other form of political, military and financial support to the Boko Haram terrorist group;
6. **Notes** the outcomes of the needs assessment exercise carried out by the MNJTF across all its sectors in July 2020, which, having considered the operational area's terrain, threats and available operational capabilities of the force, informed the submission of a list of MNJTF additional requirements broadly covering amphibious capability, civilian/military protection, and communication/surveillance; **requests** the AU Commission to mobilise additional support for the activities of the MNJTF to fill the identified capability gaps, in particular the provision for Counter-Improvised Explosive Devices (C-IED) equipment, Amphibious Equipment, counter drone equipment, force protection vehicles, surveillance equipment, and Intelligence, Surveillance Reconnaissance (ISR) services, as well as the necessary resources for Quick Impact and Peace Strengthening Projects and Humanitarian support for the affected population;
