13. **Appeals** to the UN to urgently reconsider the request from the Federal Government of Somalia for the lifting of the arms embargo imposed on the country, in order to ensure that the country is sufficiently equipped to effectively address the security threat posed by the Al-Shabaab terrorist group and other armed groups active in Somalia, as it prepares to take over security responsibilities from ATMIS at the end of the transition ;

14. **Reiterates the need** for the Federal Government of Somalia, with the support of its bilateral partners, to ensure effective force generation and integration, which is crucial for the successful transition, including preparations for the drawdown of 2000 ATMIS troops by 31 December 2022, in line with the ATMIS Concept of Operations (CONOPS) and UN Security Council Resolution 2628 (2022), taking into account the need to ensure ATMIS force protection and reconfigure Forward Operating Bases (FOBs) in a manner that does not lead to a security vacuum that can be exploited by Al-Shabaab;

15. **Notes with concern** the funding challenges facing ATMIS, including the lack of adequate, predictable and sustainable financing; and **stresses the urgent need** to provide the necessary financial support for ATMIS , including through the use of UN assessed contributions and the AU Peace Fund, and in this regard, **calls for** urgent engagement among the AU, the EU, the UN and other existing and potential new donors, on practical ways to address the financial challenges facing ATMIS, with a view to ensuring that the Mission more effectively and successfully discharges its mandate within the timelines stipulated in PSC Communique [[PSC/PR/COMM.1068 \(2022\)](#)] of 8 March 2022 and UN Security Council Resolution 2628 (2022), in support of the Somalia Transitional Plan (STP) and the National Security Architecture;
